2.3kW Calor-Luz Wall Mounted Patio Heater with Light, Remote Control and Sensor

Enjoy your garden year round with this efficient 2.3 kW Wall Mountable Patio Heater. Featuring 2 heat settings and an adjustable head, this space-saving, wall mounted patio heater is ideal for use in domestic or commercial locations. The wider, two-bar design and white finish offer a stylish and understated look, which will suit traditional and more contemporary settings. The Patio Heater boasts a built-in light and simple-to-use push button controls, as well as an ECO option with sensor to save money and offer greater efficiency, plus a remote control for total convenience. With a 1.5 m long power cord. Suitable for indoor/outdoor use.

Features:

- Wall mounted patio heater ideal for home and commercial use
- Stylish and understated for traditional or contemporary settings
- Built-in light and simple-to-use push button controls
- ECO option with sensor offers greater efficiency
- Supplied with remote control for total convenience
