

NEW RANGE

Activated Carbon Filter

The Delux digital dehumidifier offers excellent moisture control in both domestic & commercial environments.

The unit is simple to control and includes a bright LCD display. The unit offers a range of functions including 24 hour digital timer, auto & laundry modes and target humidity level, ensuring optimal humidity is achieved. The activated carbon filter allows the unit to act as an air purifier for cleaner air around your home or office.

The stylish design is also functional, with castors to easily move the unit, a large 2 litre capacity tank, plus a supplied drainage tube reducing the need for monitoring/emptying in high use areas.

- LCD display with touch control
- 24 Hour digital timer
- 2 Litre watertank capacity
- Supplied with drainage tube for continuous use
- Dual Modes: Auto & Laundry
- Laundry mode assists when drying clothes
